1. In May 1948, the propaganda section of the Ukrainian Communist Party in Argentina disseminated pamphlets which attempted to prove that the United States and Britain are collaborating with Ukrainian Fascists in Europe. Following are major points taken from the pamphlet:

a. Colonel Andrzej BERNY, the Ukrainian "Führer" who was a Nazi agent from 1938 until the end of the war, is now living unmolested in Monachium (sic) in the American occupation zone where he is head of a Ukrainian Fascist organization which is aided financially by the United States. His advisers are (fnu) WENTYMEC, (fnu) BAJDUNEK, and (fnu) ANDRIEWSKI.

b. American military authorities in Europe are assisting Ukrainian Fascist groups to organize and train their members for an eventual war against the Soviets.

c. Countless Ukrainian war criminals were allowed to go free through the intervention of American officials in Germany. Stefan Balala, prominent Ukrainian collaborator, was purposely allowed to escape by the Americans when the Soviets asked that he be arrested.

d. American officials are helping Ukrainian Fascists to contact remnants of General Andrus' army thus sponsoring a program to unite all anti-Soviet Ukrainians.

e. The Central Ukrainian Aid Committee in England is a Fascist organization which is directed by Bogdan PANCZUK.

f. The Ukrainian "Galizien" SS division which fought for the Germans during the war is now safely in England preparing to fight against the Soviets.

g. Ukrainians in European DP camps are being paid in American currency to train for a war against Soviet Russia.
